

Attention: Long Island Medical Providers and Transportation Vendors

Fee-for-Service Transportation Management Includes the Offices of Mental Health and People with Developmental Disabilities

Reminder – Although transportation was carved out of Managed Care plans on Long Island on December 1, 2015, existing prior authorizations generated by central office staff of either the State Office of Mental Health (OMH) or the Office for People With Developmental Disabilities (OPWDD) will **remain valid and must be honored through their expiration dates**. However, any requests for new or renewal of prior authorizations **must** be approved by LogistiCare Solutions, LLC.

Transportation providers are encouraged to contact LogistiCare directly with any existing OMH- or OPWDD-approved trips, so LogistiCare can coordinate with relevant medical practitioners to ensure that any prior authorizations can be secured for any future trips requested by the OMH or OPWDD enrollee population.

If you have any questions concerning these fees, please contact LGTC at (844) 678-1105 or the Department at (518) 473-2160. Thank you for your ongoing commitment to provide quality Medicaid transportation services.
