Providers may begin to see the following new ePaces response for enrollees of the Essential Plan: **“EP - Family Planning and Non Emerg Trans Only”**

These individuals are eligible for non-emergency transportation to Medicaid-covered services, which will be scheduled accordingly by the transportation manager.

What is the Essential Plan?

This is a 2016 option for those who enroll in Medicaid via the Marketplace. The Essential Plan (“EP”) offers lower premiums and comprehensive benefits to New Yorkers. The EP covers doctor visits, tests, prescriptions, inpatient and outpatient care. More information is available at the Health Department’s website, www.health.ny.gov.
